I. Status of the Application

Claims 1-41 and 43-47 stand as allowed in the present application.

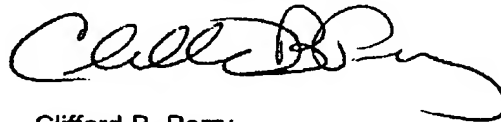

Claims 27-30, 41 and 43 are herewith canceled without prejudice.

The preamble of claims 35-40 are amended to identify that each claim relates to a common oscillator, multiple mixer system as recited in independent claim 31. No new matter is introduced.

Applicant appreciates that entry and consideration of the present amendments is at the convenience of the Examiner and not a matter of right. Applicants request entry of the foregoing amendments, as they involve cancellation of claims, and minor amendment of pending claims which do not impact the scope of those claims.

Should the Examiner believe an interview would expedite prosecution of the case, a telephone call or e-mail to the Applicants' representative is invited.

Respectfully submitted,
